

Information for potential trade partners

In the beginning of 2015 we started to change our B2B distribution system for organizational reasons.

From now on we will limit the number of **SEALWARE** trade partners in the technical wholesale commerce sector.

It is our goal to provide our customers and interested parties with relevant information.

Requirements

Your company operates in the technical wholesale commerce sector, you are already experienced in the field of sealing technology and you are thinking about becoming a **SEALWARE** trade partner?

Initial contact

Please fill out the form "SEALWARE Initial Trade Partnership Form", which you can find in the download section.

After that we will send you a more detailed "Trade Partnership Form".

Initial call

After you returned the fully filled out "Trade Partnership Form", we will call you and talk to you about the possibilities of a **SEALWARE** trade partnership.
